Volume 6 - Issue 4
April 2011

Welcome to Paradise!

April is a fun month in Key West with the Conch Republic Days celebrating Key West seceding from the United States.

Part of this celebration is the "Drag Races" where men in drag run an obstacle course. A week later, we have the "Bed Races" where teams push beds down Duval Street to win the trophy!

Enjoy!

Talk with your doctor about ways to help protect your immune system. HIV treatment is now recommended for everyone

with a T-cell count of 500 or less and should be considered when T-cells are higher than 500, according to the DHHS* and the IAS-USA†, along with other factors. Starting treatment early may help protect your immune system and vital organs. Today's medicines may have fewer, more manageable side effects. They may help you live a longer, healthier life. E-mail your questions to nana@keywestgayrag.com

Dear Nana,

I've got a crush on a guy and I think he likes me too. The trouble is, he's a go-go boy. That's not all he is or does, but it is something he does numerous times a week and I doubt he would want to stop even if we became boyfriends and I insisted. Do you think it's even worth me pursuing this relationship, or is it doomed from the beginning?

I'm gonna take a wild guess that you met him at "work". If that is the case, there's a good chance he likes your sweaty dollar bills just as much as you. I don't mean to be mean, but let's face it, he's in the "ho-spitality" business. It may also come as a shock that your waitress at Denny's doesn't really care if you have a nice day, unless she has a nice tip. Get it? But even if

this boy is Sweet Charity (hooker with a heart of gold), it seems like you'd be hung up on all the people who got to see how hung he is. Just by the fact you admitted that if this go-go guy did date you, you'd "insist" he change jobs doesn't bode well. If he really likes you, then he'll spend time with you outside the club and then just let things happen naturally. Maybe one of your will change your mind or your profession. But if not, I would move on from the go-go guy and go get yourself a go-go-gadget dildo!

Dear Nana,

My boyfriend and I have been together for about a year and a half. I think it's a good relationship, but we do have some stuff we both need to work on. For me, the thing I really want him to stop is this habit he has of sexting and what not with his ex's. He and a couple of his ex boyfriends will still send each other dirty messages and I've even found naked pics on his cell phone of his ex's and they were all sent to him within the last few months. I've told him that I trust him and that I believe him when he says he isn't cheating, but that I still want this stuff to stop. He always promises me it will, and then it doesn't. What do you think the next step is?

You think you have a good relationship? Well, sugar britches, you thought wrong! Now in my day we didn't have all this texting and sexting and camera phones. If one of my many dead husbands got photos of his ex flings those photos would have been tintypes! It is never good when someone is dating one person in the present and then dating 3 other past people in their mind. Clearly there are things from his past he's not willing to let go of. Or he could just be a giant douchebag horn dog, who knows? What I do know, is after a year and a half of being together, if he isn't in this thing all the way with you... enough so that he'll stop doing a simple act that causes you a lot of pain and worry... than the only "next step" you should be taking is towards the door. It will either get him running after you; or you running towards Mr. Right. Either way, sugar, I think it's time someone did some running!

MY KEY WEST TRIP 2011 PART ONE

by: **Brad Loekle**

Since I recently had the liver of a small Guatemalan child put in me, I thought what better way to test the sucker out than a long weekend in your glorious city?! And by your city, I mean, Duval St. I arrived on a Thursday into the Key West International Airport and Tire Care Center. I always enjoy the walk on the tarmac to the terminal, as it makes me think of what it will be like when I visit Cuba for the first time: just chickens and carmel colored people everywhere. I was anxious to get to Neil's house, settle in and take a shower. I always like to shower after flying Delta. If you haven't been on a Delta flight recently, or ever (Porsche), I would tell you to rent the movie "Soul Plane" as it is very similar. Instead of First Class, Economy Plus, and Coach; their class names should be: Boughetto (boughoise + Ghetto), Greyhound Plus, and Hold On Bitches! It was now early evening and Neil and I went off to dinner at Island House. I had the most succulent Cajun Grouper... while I watched what looked like two Cajuns grope each other in the pool. I'm a sucker for dinner and a show! Then it was off to the bars. I bounced back and forth from the Garden Bar to the front bar of Bourbon Street, mostly because I wanted to see how in the hell Jake keeps that bandana on. That man has thighs like a gladiator. I haven't seen fabric under that much stress since Kirstie Alley wore a two piece... bikini, that is... not fried chicken. Within my first 6 hours in Key West, I had been kissed on the mouth by two strangers and, had in my hand, the largest penis I've ever seen in captivity. God bless Cuba, they may skimp on things like water and electricity... but when it comes to cock they must corn feed those fuckers. This dick was so big that when I jerked it off I looked like I had doll hands.

For a change of pace, I decided to wander down Duval towards where all the breeders are. When I'm in Key West, I tend to get stuck on the 500 ft. of pavement between 801 & Bourbon... I can't imagine why (Porsche, Rhett, Greg, Brad, etc.), but I ventured out to see what straight people do in Key West. It was like the Discovery Channel! From what I can tell they all seem to eat fried food, drink heavily, make bad choices, and like to sing "Free Bird"... a lot. It's shocking how much we have in common ;-). I even decided to see how the other half live and went into Key West's Adult Entertainment Complex. Now, I'm a homosexual Thoroughbred meaning I've never had sex with a woman. But I like to support local businesses, so I figured what the hell?! I have to say, I think I finally understand why so many straight men end up in gay book stores and bars looking for a little attention. I was in a room with a girl and for \$80, we were both clothed and no one came. I've leaned up against washing machines that were more enthusiastic than this chick. But this explains why so many straight people seem so dead set on gays not getting married... they're trying to save us! On the way back to the gay bars, this straight guy followed me right into Bourbon St. He kept following me around telling me how he doesn't "do stuff" with guys, but he just loves coke and head... a man after my own heart. But let me tell you, for a man who doesn't do stuff with guys his breath smelled like a trucker's ass. And since I'd rather come home with crabs than gingivitis, I passed.

Now Kids, I would love to tell you of the entire long weekend this month, but there just isn't room (insert bottom joke here). So tune in next month for tales of drag queens, Jews, Oscar night surprises, and my own personal roast of one of my favorite queens: Desiray. Next month's article will be a Desi-luau !!
