Whore--Scopes

Aquarius

Jan 20 – Feb 18

A remarkable month for you. Beginning on the 7th, Saturn will be entering Aquarius, bringing some emotional upheaval with those close to you. Because of bad behavior on your part, by the 10th, there will be multiple constellations in Uranus.

Pisces

Feb 19 – Mar 20

The sign of the lesbian. Ahead of you this month we see lots of flannel shirts and Doc Martins. Actually, this is pretty much in front of you for the entire year.

Aries

Mar 21 – Apr 19

Your self-centeredness, as usual, has the universe revolving entirely around you. Throughout the coming month you will find that your world will keep revolving in ever decreasingly smaller circles until the 27th when you will disappear up your own ass-hole.

Taurus

Apr 20 – May 20

You are just an asshole... period. Self-centered? Yup. Completely involved in yourself? Yup. Did I used to date someone like you? Yup. I think next month we are just going to skip Taurus because I really don't like you.

Gemini

May 21 – Jun 20

You are so typical of the twins that you are beginning to make Sybil look like a loner. Remember that mood swings are not attractive to anybody. Have you ever noticed that most drag queens are Geminis?

Cancer

Jun 21 – Jul 22

For the love of God, stop being so bloody sensitive. That's it. I'm tired of listening to you bitching and complaining about whether or not people like you. There is a damned good chance that they don't because you keep asking them. This month's advice is to keep your gob shut. People will probably be nicer to you as a result.

Leo

Jul 23 – Aug 22

Your love life will be spectacular this month, especially by the 12th of the month, every guy you see will be all over you. Enjoy it because next month, people wouldn't pee on you if you were on fire. Try not to burst into flames after the 30th.

Virgo

Aug 23 – Sep 22

The sign of the virgin. Hmmmm.... You need to work on keeping up appearances this month. It is important that you keep praying that nobody finds out about the evening last month spent with your ankles behind your ears in the company of the L.A. Lakers. If it makes you feel any better, I promise not to tell.

Libra

Sep 23 – Oct 22

This is a month where you will have an undeniable urge to party and celebrate. Remember though, to temper your urges especially with food and booze. If you're not careful, by the end of this month it will be taking you two trips to haul ass.

Scorpio

Oct 23 – Nov 21

Romance and love are pretty much non-existent for you this month. Taking the occasional shower and getting that fuzzy shit off your teeth could improve your prospects for companionship for the coming weeks.

Sagittarius

Nov 22 – Dec 21

For so long, you have been wishing for that financial windfall that we all know you deserve. My advice is that you not hold your breath, because a blue face would clash with your bloodshot eyes.

Capricorn

Dec 22 – Jan 19

This month will see your typical Capricorn characteristics coming to the fore. (Stoic, slow-moving, and cautious.) You would be well advised to avoid fertile soil, as there is a great risk of you taking root.
