Talk with your doctor about ways to help protect your immune system.

HIV treatment is now recommended for everyone with a T-cell count of 500 or less and should be considered when T-cells are higher than 500, according to the DHHS* and the IAS-USA†, along with other factors. Starting treatment early may help protect your immune system and vital organs. Today's medicines may have fewer, more manageable side effects. They may help you live a longer, healthier life. Dear Nana,

My boyfriend and I have a fairly healthy sex life. I mean for a couple who've been together for five years. But I've noticed lately that both of us are spending a lot more time watching porn and a lot less time actually having sex. We both work a lot and so it just became a convenience-thing of jerking off to porn when we could find the time. Do you think that in the long run this could be a problem, or am I over thinking things??

There is nothing sadder than someone's work life getting in the way of them working over their partner. What you boys are running into is the classic problem of all work and no play. Sure, finding the time off to get off as a couple isn't always the easiest or most convenient thing in your week... but relationships aren't there to be convenient. Even the best relationship on earth is still work. So you need to put down the lap top, climb up on his lap and GET topped! Believe me, when your puddle cuddling afterwards... you'll thank me.

Dear Nana,

What do you think about gay people having babies, be it adoption or surrogacy? This couldn't have been something you saw back in your day...

First of all, when the hell was "my day"? As far as I know I'm still breathing and pooping once a day... so I'm pretty sure "my day" hasn't passed yet. I completely support the idea of gay people having kids in terms of it being a matter of equal rights. Now that being said, I hate children as a species... so I guess I feel the same way about gay people's kids as I do about straight people's kids, which is: kids are gross. I will say that gay people's children seem to be better dressed, better

mannered and less fat than a lot of the straight people's children I see. Plus you don't see gay people running off and having a "litter" of children. Families like these Duggers and Bachmann's with 19, 20, 25 children, well they just horrify me. Just the fact that you know their homes constantly smell like sour apple juice and spoiled milk. And the breath on children! Have you ever smelled at 6 year old's breath?! It smells like a trucker's ass!

So sure, let the gays have kids, adopt kids, buy kids, who cares?! But in the end, just keep your SUV strollers and your sticky little trolls a healthy distance from me.

Do you have problems? Of course you do!! Why not let Nana help you?! Send your questions to:

Nana@keywestgayrag.com.

THE NAKED TRUTH

by: **Brad Loekle**

As a gay comedian, you definitely end up playing some more unusual gigs than your straight counter parts do. Gay pride events, leather events, bear events, drag shows and so on; these aren't a daily occurrence in the life of a Louis CK or a Dane Cook. And I love my wackier bookings. They tend to be really great audiences who are into having a good time and they always make good fodder for these articles. So when I got the call to perform for 200 naked gay men, I knew that no matter what my calendar looked like... I had to take it.

I would like to say that this was my first nudist event, but in truth it wasn't even my third. Like I always say: If you've got a check, I've got the time! However this nudist event was by far the largest I had ever done to date. It was a weeklong nudist summer camp for gay male nudists happening in rural Maryland. I didn't know Maryland had a "rural", but then again I barely knew where Maryland was in the first place. My own personal 50 states really consist of about 50 cities that I acknowledge the existence of... and since Maryland doesn't contain any of those cities, up until this booking I didn't think about Maryland much. Or at all. I was to drive down to Maryland from NYC, which was roughly a 5 hour drive. The show was to be at 9PM, I'd do my standard hour show and then I'd drive back the same night. They offered to give me a cabin for the night, however I find with nudist gigs it's good to get in, knock 'em dead, and get the hell out. Basically I approach comedy the exact opposite way that George W. Bush approached war. I arrived about 2 hours before my show, in the gleaming white PT cruiser that Avis rent-a-car gave me as some sort of punishment. If you can't imagine what a white PT cruiser looks like, picture a white high-top sneaker rolling down the highway at 65mph. When I arrived I immediately noticed that the average age of the men walking around the grounds was somewhere close to 75. I don't know if you've seen a lot of 75-80 year old naked men, but if you do you'll come to learn that at that age our skin becomes a lot like candle wax... and appears to be slowly melting off our bodies. You'll also realize the interesting fact that penis, aside from pubic hair color, really have no age. Penises look old whether they are 6 weeks old or 6 weeks from death. "A rose, is a rose, is a rose..." could also easily apply to penises.

I began asking around the camp, trying to find the head nudist, Rich.

Rich was, in fact, a terribly handsome mid-40's man with a great body and beautiful penis. I mean, just a real looker of a cock. The kind of dick you want to take pictures of... in your mouth. He told me that directly following my show, there would be an ice cream social where I could meet & greet my fans. I could make some snarky joke or observation right now, but instead I will simply leave it at.... Following my show, there would be an ICE CREAM SOCIAL WHERE I COULD MEET & GREET MY FANS. So now they would just be naked 70 year old men... they'd be sticky 70 year old men. Awesome.

They show went very well. I might bust on 70 year old gays, but they are definitely an old school proper audience. Attentive, no shouting out, and only one 80 yr old guy nodded off near the end... which is impressive considering everyone's age and the fact it was after 7PM... and I wasn't Matlock. Not to "brag" or anything, but I did get a standing ovation during my bows... which is the one time in my life that a standing ovation WASN'T what I wanted the audience to do. Not because I'd see more of their bodies, but because at that age, when you stand up quickly like that, you could easily get a low hanging nut stuck under the foot of a folding chair. And no one wants that.

I headed over to the ice cream social... and sure enough, people couldn't wait to chat with me, take pictures with me (from the waist up... I hope) and even offer me a few scoops of ice cream. I was quickly informed that after the ice cream social, there was going to be a late night disco party in the main pavilion. I then quickly informed them that I had to get back to the city... on pressing confidential "comedy related business". Bless their hearts, no one called me out on that ridiculous statement. They were, in fact, lovely men and a great audience. But watching 200 gay granddads get down "MacArthur Park"... well... let's just say that there are things that once you see them, you can't "unsee" them. And I knew that would be one of them.

I now also realize that by writing this article, I am basically playing "chicken" with the universe and asking it to send me even odder gigs. So here's looking forward to a Fall season of transgendered midget conferences & middle aged married swingers events.

My mother is so proud...

Brad Loekle is a comedian based out of NYC. He can be seen Thursday nights on TruTV's "World's Dumbest" at 9PM & produces the longest running weekly gay comedy show in New York.

Aries

OK, someone has to tell you. That hair is not in style. It never was in style and never will be!

Taurus

Apr 20 – May 20

You're such a loser that "Peggy" from US Prime Credit won't even take your call!

Gemini

Yes, it's true that 15 minutes can save you 15% on car insurance but not when you're masturbating for those 15 minutes.

Cancer

Jun 21 – Jul 22

I used to think you were the dumbest person in the world but you finally have some competition. You can thank Michelle Bachmann for taking the lead. We also want to extend birthday wishes to Elvis!

So you finally went out and bought a "smart phone." It's a shame that "smart" designation doesn't convey onto the user.

Bearfest is here. Do you consider yourself a bear?? cub?? otter?? How about you just admit it? You're a fat ass.

Libra

Sep 23 – Oct 22

As a birthday gift to yourself, take some time to reflect on the past. Write a letter to your future self about everything you've done wrong that you don't want to repeat again. You may want to ask around. You probably don't remember 90% of it. You were pretty wasted.

I hear you're upset your picture hasn't been featured in this magazine yet. There's a good reason for that. Look in the mirror and you'll understand
